

**RUTH ROBERTSON**, Sworn for the State. I made no affidavit in connection with this case, except the affidavits that I made in Mr. Dorsey's office. I have made no affidavit such as the one which is set out in the extraordinary motion for new trial, in which it is represented that I have made a great many statements. I have had exhibited to me by detective Bass Rosser, what purports to have been an original affidavit and I have carefully examined the signature, and I swear positively that same is not my signature there to and that same is a forgery.
